At KPMG our purpose is to fuel the prosperity of New Zealand, to achieve this we want to help our clients succeed by keeping them well informed.

AGFIRST FINANCIAL SURVEY

Agfirst consulting annually complete a Financial survey through Southland, Waikato and The Bay of Plenty. The model is created from information collected by surveying a number of dairy farming businesses in each of the above mentioned regions.

The Agfirst team analysed the information and have drawn interesting insights for each region. These financial surveys are also extremely valuable when you wish to benchmark your own business.

Some points from the survey were:

- Further losses resulted in the 2015 accounts
- HOWEVER the losses are half the amount of last year's losses
- Farmers have significantly cut costs throughout their businesses
