

KPMG Agri bite

At KPMG our purpose is to fuel the prosperity of New Zealand, to achieve this we want to help our clients succeed by keeping them well informed.

We know that Facebook isn't everyone's cup of tea but we also know that for many this is a useful and regular way you connect with ideas and information. SO.....we have set up a KPMG Facebook page designated to farming where we can keep you updated with:

- Ideas to help your business
- Accounting and tax tips
- KPMG 'products' and service offerings available that can help your business
- KPMG's thought leadership, reports and global initiatives that relate to Agriculture
- Events KPMG are running
- What we are doing out and about in the community

We want you to like us 

It's not all about you 'liking' us you can link others to the page or add comments with your own experiences that could help others.

We also want your thoughts and ideas 

This page is all about giving you information to add value to your business and that provides some thought provoking ideas. If you have ideas on what you would like to see we want to hear about it let us know.

For those who would prefer not to use Facebook you won't be left out we will continue to provide information on many other formats to meet your needs.

Have a great weekend
