

KPMG Agri bite

At KPMG our purpose is to fuel the prosperity of New Zealand, to achieve this we want to help our clients succeed by keeping them well informed.

Investing for a sustainable future for your business is far more than just infrastructure investment. It's about investing in knowledge and new skills which is investing in YOU!

Yeah we know, things are tight you need to save every cent BUT to survive this new world of farming you need to develop new skills, better business practise and a mind-set of continual learning.

This kind of investment is invisible it's not like the gleaming new tractor you can see ripping up the races, but this invisible investment could be the best money you have ever spent. Think of it as regular upgrading of your own internal 'software'. Where you make this investment will depend on the area's you NEED to grow in, these areas may be things

you don't like but they will provide exponential growth for you and your business.

Over the coming weeks we are going to go through each of the 8 attributes that KPMG have identified that form the DNA of a successful enterprise and how this applies to all farming businesses.

We have also attached a few items that we thought would be of interest:

KPMG Macroeconomics 'bite' on the Brexit

- Digestible analysis from our Macroeconomics team in the UK.
